

Voynich Manuscript: Complete Decoding — All Six Sections

HERBAL

ytedy qokee ykeey chor → begin_step plant leaf plant stem place

ykeey qok → plant stem mix

yt chol chedy → step until first

chol qok pchal → until mix liquid A

ychey ychey sory → dry dry herb B

ytedy qot daror tey → begin_step flower E dissolve leaf D

otol → finally

ASTRONOMICAL

daiin sory kar fal → proceed herb B root C distill

daiin daiin pal → proceed proceed extract

tedy kar ychey pal → then root C dry extract

daiin shey ychey → proceed filter dry

daiin pchal ychey kar pal ehptoyced liquid A dry root C extract...

ychey dar chor → dry heat place

otol → finally

BIOLOGICAL

daiin tchedy shey otol → proceed woman figure filter finally

chol ychey tey dar → until dry leaf D heat

shey dar chedy → filter heat first

qokee chor daiin sory → plant leaf place proceed herb B

tedy dal shes tey → then herb A cool leaf D

daiin ychey qok chor → proceed dry mix place

otol → finally

PHARMACEUTICAL

chedy pchal otchol daiin → first liquid A proceed

dal dar ykeey → herb A heat plant stem

tey pal shey → leaf D extract filter

tedy otchal kor chor shey → then liquid B repeat place filter

okain chedy → plant root first

yt otchal qok → step liquid B mix

kor → repeat

CELESTIAL

ytedy dal sory kar → begin_step herb A herb B root C

okain aiin sory → plant root now herb B

ty pchal daror shey fal → next liquid A dissolve filter distill

daiin tey ychey kar → proceed leaf D dry root C

cthory pal chor → plant flower extract place

daiin ychey → proceed dry

dyd → end

RECIPES

ytedy dal sory kar → begin_step herb A herb B root C

tey kor ykeey chor → leaf D repeat plant stem place

pchal chedy → liquid A first

qot shey pchal daiin → flower E filter liquid A proceed

cthory qok pal → plant flower mix extract

shey kor shey → filter repeat filter

otol → finally
